## SILLIMAN IS CAUSE OF SERIOUS WORRY

State Department Alarmed  
When Consul Fails to Arrive in Long Delayed Refugee Train from San Luis Potosi.

### HUERTA STILL SILENT ON FATE OF PARKS

Funston Places Guard over Dr. Urrutia to Protect Him Against Threatened Vengeance of the President.

(By Leased Wire to Evening Herald.) Vera Cruz, May 19.—The two horses belonging to Lieut. Col. Elmore F. Taggart, which were taken into the Mexican lines by Private Samuel Parks when the soldier, who was said to be demented, disappeared, were returned today to the American military authorities by order of the Mexican commandant.

Washington, May 19.—Reports from Mexico City today that a long-delayed train from San Luis Potosi had arrived there without American Consul John H. Silliman, concerning whose safety the Huerta government has given repeated assurances, re-awakened concern among state department officials.

Secretary Bryan declared that repeated messages have come from the Huerta foreign office that Silliman, who had been held at Saltillo by the federal, had been released and that he was en route to Mexico City under guard, but that nothing official had been learned for several days.

Information from the Huerta government regarding the American private, Samuel Parks, which was demanded, also is awaited. Though unofficially satisfied that Parks was executed outside Vera Cruz by Mexican federales, Huerta's government has failed thus far to communicate it.

No request had been forwarded to the state department up to noon today for the detention of Dr. Urrutia, former minister of the interior in Huerta's cabinet, who is a refugee at Vera Cruz. It had been reported appended to constitutional representatives in Washington to protest against Urrutia being permitted to leave Mexican shores. General Funston reported that he would keep the Mexican refugee under guard until he embarked from Vera Cruz.

With mediation in the Mexican crisis practically under way at Niagara Falls, Ont., President Wilson and the cabinet took up routine matters today.

### FEDELM SOLDIERS STILL IN CONTROL AT PANUCO

Washington, May 19.—That federal soldiers still control Panuco, thirty miles inland from Tampico, as rumored late yesterday to Admiral Mayo, was confirmed today in a report from American Consul Miller to the navy department. An entire garrison which evacuated Tampico when the constitutionalists took the city is said to have crossed right at Panuco, where extensive oil wells are located. Concern is aroused over the fate of this property.

Later in the day Adm. Badger reported the Mexican federales who fled from Tampico to Panuco had evacuated the latter city also.

"Reports indicate," said a navy department statement, "that the federales evacuated Panuco City yesterday. The oil wells were all right up to yesterday afternoon. From 2,000 to 4,000 federales were in the garrison."

ANOTHER CONSUL ARRIVES  
SAFETY FROM WAR ZONE

Washington, May 19.—The state department has received news from American Consul L. Sullivan of La-

page, who arrived safely on the Citrus in San Francisco. He stated he was well and would leave immediately for Washington. Considerable concern had been expressed for Consul Sullivan's safety.

### WEDS CONTRACTOR ON HIS DEATH BED

(By Leased Wire to Evening Herald.) Pueblo, Colo., May 19.—Married on a cot in a local hospital last Thursday to Mrs. Effie P. Amos, to whom he had long been engaged, Henry J. Johnson, a prominent contractor here, died last night. When doctors had abandoned all hope of curing Johnson he prevailed upon his fiancee to marry him at death's door. A minister was rushed to the hospital in an automobile and performed the ceremony with attendants of the institution as witnesses.

### PAINTER PEARCE DIES IN FRANCE

(By Leased Wire to Evening Herald.) New York, May 19.—Advices from Ayers Sur Cise, France, made public here today, announced the death there of Charles Sprague Pearce, the artist. Mr. Pearce was born in Boston in 1851. He attained much fame as a painter of peasants and fishermen and was a conspicuous figure in the art circles of Paris where he made his home for many years. He had not been in America for eighteen years.

### HUERTA STILL SILENT ON FATE OF PARKS

Washington, May 19.—The Senate was unisoned over a phase of the Mexican situation.

Senator John Sharp Williams urged his colleagues when he read a letter from "a gentleman in the government service" at Vera Cruz, whose signature he tore away from the communication. The writer declared "the boldest thing in Mexico is the American dollar," and predicted that it would cost 260,000 lives and five million dollars to "take Mexico and hold the Mexicans in subjection."

"It would be a great deal better," read another part of the letter, "if the United States were to hear the loss of those who have come down here to take a gambler's chance and send them out of the country than to go to war with Mexico for purposes of conquest."

Senator Borah insisted that Senator Williams reveal the name of the government official who wrote the letter.

The Mississippi senator refused to divulge it, however, stating that he had "entire confidence in the writer's judgment."

Senator Gaillard declared he had letters which he would put in the record showing an opposite condition in Mexico.

Robert J. Keer, who was civil governor at Vera Cruz for a brief period, made a vain effort to see President Wilson today. He left Washington in an early morning, complaining that he had been given no opportunity to tell the president what he knows about the Mexican situation and promising that he would have opportunities to make when he reached his home in Chicago.

### BEN AND FIVE WOMEN ON WAY TO PRESIDENT

Chicago, May 19.—Judge Ben H. Lindsey of Denver and five women from Colorado passed through Chicago today on their way to Washington to beg President Wilson not to withdraw the federal troops from the strike zone. Judge Lindsey asserted that civil war would result if the regulars were replaced by militiamen.

In the Lindsey party are Mrs. Lee, chairman of the Colorado women's relief committee, and the following women who passed through the battle at Ludlow: Mrs. Mary Patruccia, who lost three children in the "death hole"; Mrs. Pearl Jolly and Mrs. M. H. Thomas with her two young children. Mrs. Lindsey was taken ill here and will not complete the trip.

### Japanes Ask Why Fortify Canal

### Premier Okuma Declares Better Understanding will Wipe Out all Causes for War Between Big Nations.

(By Leased Wire to Evening Herald.) Tokyo, May 19.—A plea to the press of the world to work for the removal of misunderstanding and suspicion between the nations was made today by Premier Count Shigenobu Okuma in addressing a gathering of Japanese and foreign journalists. He declared these misunderstandings and suspicions were terrible obstructions to the world's peace but added that the time had not arrived in international relations to apply the Christian text, "Whosoever smite thee on the right cheek, turn to him the other also."

Nations, he said, must be strong and exact respect for their rights. The Japanese premier declared that unjustified suspicion has led to the fortification of peaceful countries such as New Zealand and Australia and concluded:

### THREE INJURED IN EXPLOSION TODAY ON RECEIVING SHIP

(By Leased Wire to Evening Herald.) Valdez, Cal., May 19.—Three men were injured, one fatally today in the explosion of a steamship in the engine room of the naval receiving ship *Intrepid* at the Mare Island navy yard. Colorado Springs, Colo., May 19.—Plead of not guilty were entered in the district court this morning by the ten members of General Kelly's army of unemployed who were arrested here some time ago on charges of conspiracy and attempted train wrecking. Five of the men were represented by Attorney T. C. Turner and the other five by Attorney R. L. Chambers. Their cases were set for hearing on June 16.
